

Reporting to: Associate Directors / Managing Directors  
Purpose of Job: To lead project teams in the development of architectural design and production on a diverse range of projects  
Qualifications: ARB registered professional or equivalent foreign qualification

LTS Architects are an award-winning studio of designers based in a quiet mews off Bermondsey Street. The practice has extensive experience working on a diverse body of projects, currently including the Science Gallery, a cultural space in the heart of Guy's Hospital campus, as well as a range of exciting high-end residential and larger mixed-use developments.

We are currently seeking a talented architect to join our team. The right candidate will have the following combination of skills and experience:

- + Three+ years in practice post qualification
- + Ability to lead on projects through all RIBA Stages 0 – 7
- + A good knowledge of technical detailing and experience in delivering tender and construction packages along with site based problem solving experience
- + Good presentation and client facing communication skills
- + Excellent knowledge of UK Building Regulations
- + Excellent knowledge of AutoCAD and knowledge of Revit would be highly advantageous
- + Graphical representation skills and knowledge of graphics software, such as Adobe InDesign, Illustrator and Photoshop is considered essential
- + Knowledge of Rhino and Sketchup an advantage

Candidates should be highly motivated, with excellent organisational skills in addition to a design focus, an eye for detail and a desire to develop their role within the practice.

**Salary:**

- + Dependent on skill set and experience

To apply for this role, please submit a CV and an A4 sample of your portfolio to [cv@lts-architects.co.uk](mailto:cv@lts-architects.co.uk) and state 'Architect Application' along with your name in the subject heading. The file size should not exceed 10MB
